Emirates — Booking with Emirates

1. Online Booking Basics

1.1 What is online booking and how do I use it?

Online booking allows passengers to find and book Emirates flights through the Emirates website or mobile app.

Passengers can use online booking to:

- Build an itinerary according to their travel plans.
- Select and purchase seats.
- Purchase additional baggage or request other services.
- Pay online using a credit card, debit card, or other available payment methods.

To book a flight online:

1. Select the departure and destination cities and travel dates.
2. Choose a suitable flight.
3. Enter the passenger's personal details.
4. Select a payment method and complete the booking.

1.2 When will online booking become available in my country?

Emirates plans to introduce online services in additional destinations and announces new availability on its website.

If online booking is not available in a passenger's country, they can:

- Search for suitable flights online and book through the email enquiry form.
- Contact their local Emirates office to make a booking.

1.3 How do I get started using online booking?

Visit the Make a Booking section on the Emirates website. The booking process guides passengers through itinerary planning, flight selection, and ticketing arrangements.

1.4 Can I check availability and fares without purchasing a ticket?

Yes. Passengers can check flight availability and fares without paying. Payment details are required only when completing a booking.

1.5 Can I book online using my credit card if I am not travelling?

This depends on the country of departure and its security requirements.

- In some countries, the credit card holder must be one of the travellers or have the same family name as a traveller.
- In certain cases, the actual credit card used for payment may need to be presented at airport check-in before the boarding pass is issued.
- If the cardholder's last name can be entered manually on the billing page, payment may be possible even if the cardholder is not travelling and does not share a family name with a passenger.
- If the cardholder's name is restricted to a dropdown list of travellers, payment may not be possible unless the cardholder meets the applicable conditions.

Alternative payment options may include bank transfer, PayPal, or payment at a local Emirates office, depending on the country of departure and time remaining before the flight.

Important conditions:

- The quoted fare is generally valid for payment in the country of departure.
- Different fares or payment restrictions may apply if payment is made in another country.
- If tickets are not collected and paid for within three days in the circumstances described by Emirates, the booking is automatically cancelled.
- Emirates Skywards members may make redemption bookings for friends and family and pay the applicable taxes online using their own credit cards.

1.6 How do I purchase an itinerary after selecting flights?

After selecting a suitable combination of flights, click Book this Itinerary and follow the steps to:

1. Select a ticketing option.
2. Enter passenger details.
3. Provide payment information.
4. Complete the booking.

Available payment methods may include online or telephone credit-card payment, or cash and credit-card payment at an Emirates office or airport. Options depend on the booking and are displayed during the process.

1.7 How do I know my ticket has been booked and paid for?

After confirming flight, personal, and payment details, passengers receive a booking summary containing their booking reference and ticket.

- The booking reference indicates that the reservation has been confirmed.

- A confirmation email is sent to the email address provided during booking.
- The ticket is attached to the confirmation email.

1.8 How do I receive my ticket after booking online?

Passengers receive an electronic ticket, or e-ticket, by email at the address provided during booking.

1.9 What is an electronic ticket?

An electronic ticket is a digital record of a passenger's ticket and booking details stored securely in Emirates' system.

Key information:

- All tickets purchased on the Emirates website are issued as electronic tickets.
- Passengers can present their ticket receipt and passport at airport check-in.
- Booking information is stored electronically, so there is no physical ticket to lose.
- Travel details may be changed online, subject to the applicable conditions.
- Passengers can view or print their ticket using the booking reference in their email or through Manage a Booking.
- Every traveller receives an individual ticket, including children and infants.
- Refund requests must be submitted through the ticket refund form.
- Refunds may incur a fee or may not be permitted, depending on the booking's terms and conditions.

1.10 What are the time limits for online booking?

Booking condition	Time limit
Earliest booking	Up to 328 days before travel
Latest booking using real-time payment	Up to 2 hours before scheduled departure
Real-time payment examples	Credit card, debit card, PayPal, and real-time bank transfer

Other payment methods	May have separate advance-purchase restrictions

2. Online Booking Details

2.1 Can I book a trip with multiple destinations?

Yes. Use the Advanced Search tool on the Book a Flight page.

Passengers can use this option to:

- Book trips involving multiple destinations.
- Arrange stopovers.
- Start in one city and finish in another after passing through one or more intermediate cities.

For example, to book a stopover in Dubai on a London-to-Sydney journey, enter each journey leg separately using the relevant departure and destination cities.

2.2 Can I search for a one-way flight?

Yes. Select the One way option on the Book a Flight page.

2.3 How do I find the least expensive flights?

After selecting the itinerary, dates, cabin class, and number of passengers:

- The search results show the lowest price for all passengers matching the search.
- Compare prices using the Previous day and Next day options.
- Use My dates are flexible to view results within three days before or after the initially selected dates (±3 days).

2.4 Will extra fees and taxes be charged?

Emirates makes every effort to display fees and taxes during online booking. Additional fees or taxes may still apply when the ticket is issued or at the airport if imposed by the country of departure.

2.5 What is the maximum number of travellers per online reservation?

Passengers can book online for up to 9 people, including adults and children.

2.6 Why do prices vary for the same flights?

Flight prices can vary according to factors such as route popularity and flight schedule. Two flights between the same destinations may have different prices because one operates at a more popular time.

2.7 What is a promotional code?

A promotional code is a seven-letter code associated with a special offer. Entering it at the beginning of the booking process allows passengers to view search results related to that offer.

2.8 Can I change the passenger name on an Emirates ticket?

Emirates allows certain name corrections but does not permit transferring a ticket to another person by changing the passenger's name.

Name correction rules:

- Misspelled names may be corrected before the first flight of the itinerary.
- Legally changed names may be updated at any time during the journey.
- Emirates may request supporting evidence for a name-change request.
- Tickets cannot be transferred to another person by changing the name.

Is there a fee to correct a name?

Booking type	Name correction fee or process
Booked directly with Emirates; itinerary includes only Emirates-operated flights	No fee
Booked directly with Emirates; itinerary includes partner-operated flights	The operating carrier's policy and fee may apply
Booked through a travel agent	Contact the travel agent for applicable fees

How do I request a name correction?

- Direct bookings: Contact Emirates through its contact centre or a ticket office at least two hours before departure.
- Travel-agent bookings: Request the correction through the travel agent.

2.9 My name appears without spaces on the ticket. Is this a problem?

No. Multiple first names or family names may appear joined together on the ticket. This is standard airline industry practice.

For example, the name entered as `Mr John Adam Smith` may appear as `SMITH/JOHNADAMMR`.

2.10 Can I travel to or transit through Dubai with a passport that does not specify gender?

Passengers whose passports do not indicate gender as M or F may be refused transit or entry by immigration authorities in certain destinations, including Dubai.

This decision is outside Emirates' control, and Emirates states that it has no liability for the immigration authorities' decision.

3. Online Booking Payment Options

3.1 What payment methods are available online?

Payment options depend on the country of departure and the time remaining before departure.

Available methods may include:

- Credit cards: Visa, Mastercard, Diners Club, and American Express.
- PayPal, currently available for bookings in EUR, USD, AUD, and GBP.
- Real-time or online bank transfer.
- Local debit cards in some countries.
- China UnionPay or Alipay.
- Western Union.
- Offline bank transfer.

The payment options displayed during booking determine which methods are available for a particular itinerary.

3.2 Can I pay using my credit card if I am not travelling?

This depends on the country of departure and its payment-security rules.

- If the cardholder's name can be entered manually, payment may be possible even if the cardholder is not travelling.
- If the cardholder's name is restricted to the travellers listed, the cardholder may need to be one of the passengers.

- Some countries require the actual credit card to be presented at airport check-in for verification.

Emirates Skywards members may pay applicable taxes for redemption bookings made for friends and family using their own credit cards, where card payments are supported.

Business Rewards administrators may also pay for bookings made by members of their organisations, subject to the country's payment options.

3.3 Can I use my debit card?

Some debit cards are accepted, depending on the country of departure.

- Visa and Mastercard debit cards are generally accepted.
- Payment is processed immediately, and the full amount is taken.
- Internet payments must be enabled by the cardholder's bank.

Passengers should check with their bank if their debit card payment fails.

3.4 Can I pay for one booking using more than one card?

No. Emirates does not currently offer the option to pay for a single booking using more than one credit card.

3.5 What are the online payment rules?

The following rules apply to bookings made through emirates.com:

- Credit-card payment may be made by someone who is not travelling.
- Emirates may require card verification in exceptional circumstances related to fraud prevention.
- The card used for payment may need to be presented at check-in if verification is requested.
- Since Emirates is based in Dubai, UAE, the card issuer may charge fees for transactions processed in a foreign country.
- Emirates charges the card in the currency shown on the booking confirmation.
- If the card is issued in a different country or currency, the issuer may apply its own exchange rate and foreign-transaction fees.
- Visa, Mastercard, Diners Club, and American Express are accepted in most cases, but availability varies by departure country.
- For Visa payments, additional verification through Verified by Visa may be required.
- For Mastercard payments, additional verification through Mastercard SecureCode may be required.
- These verification passwords are not the same as ATM or cash-machine PINs.

- If required security verification is not completed successfully, the booking will not be successful.
- For credit/debit card payments, Emirates processes refunds within 15 working days in general. For bookings originating in India, Emirates states that refunds are processed within 30 days. The card issuer may need additional time to credit the amount.

India-specific card rule: Emirates states that it accepts only international credit cards when the credit card is issued in India.

US 24-hour refund rule described by Emirates: For itineraries booked through `www.emirates.com/us` and originating in the US, if booked at least seven days before departure, passengers may request a refund within 24 hours of booking without penalty. The refund is processed within seven days of submitting the ticket refund form. Date changes remain subject to fare conditions. Hotel and car reservations are excluded from this rule.

3.6 Which currencies can I pay in?

The total fare is usually quoted in the currency of the country of departure.

For example:

- Flights departing from Dubai are generally quoted in UAE dirhams.
- Flights departing from the UK are generally quoted in British pounds.

For many countries, passengers can choose from several currencies when paying with Visa, Mastercard, American Express, or Diners Club.

If the selected payment currency differs from the card's currency:

- The card issuer determines the exchange rate.
- Additional fees may apply.
- Refunds are processed in the original currency, even if a different currency was selected for payment.

3.7 Who is GlobalCollect?

GlobalCollect is a payment service provider specialising in collecting and settling electronic payments across industries.

Emirates uses GlobalCollect to provide a wider range of payment options. GlobalCollect processes payments on behalf of Emirates.

3.8 What is Western Union?

Western Union is a money-transfer service available through agents worldwide.

To pay using Western Union:

1. Select Western Union during online booking.
2. Print the pre-filled Western Union Quick Pay form.
3. Take the form, payment amount, and identification to a participating Western Union Quick Pay branch.
4. Make the payment within 48 hours of booking.
5. Wait for Emirates to confirm receipt of the funds and issue the e-ticket.

Emirates states that passengers should allow up to 7 days for payment recognition and ticket issuance. Western Union charges a separate service fee that is not included in the fare.

3.9 What is PayPal?

PayPal is an online payment service that allows users to pay through registered payment methods without sharing their financial information directly with Emirates.

To use PayPal:

1. Select PayPal during booking.
2. Sign in to the PayPal website.
3. Choose a registered payment method.
4. Complete the payment.
5. Return to emirates.com to receive the booking confirmation and e-tickets.

PayPal processes the payment on behalf of Emirates.

3.10 What bank transfer options are available?

Emirates describes two bank-transfer categories:

Type	How it works
Real-time payment	Payment is taken immediately. The ticket is issued and emailed after successful payment.
Offline bank transfer	Emirates waits for the funds to arrive and be confirmed before issuing the ticket. Availability depends on the departure country and date.

Note from the supplied source: Emirates states that real-time banking payment options used to be available but are no longer available.

3.11 What is offline bank transfer payment?

Offline bank transfer, also known as wire transfer, works as follows:

1. Select bank transfer during booking.
2. Review the bank account details displayed.
3. Transfer the ticket amount to the specified account within 48 hours.
4. Include the payment reference provided by Emirates.
5. Wait for the payment to be matched to the booking and confirmed.
6. Receive the ticket after successful confirmation.

The payment reference is important. If it is omitted, Emirates may have difficulty matching the payment and issuing the ticket.

3.12 What is Direct Debit — ELV — Germany?

The ELV payment method for Germany is no longer available.

3.13 What should I do if I paid but did not receive my ticket?

For credit/debit card payments:

- Confirm that the payment was charged.
- Contact the local Emirates office.
- Provide transaction details so the payment can be traced.
- Be prepared to provide proof of payment if requested.

For Western Union or offline bank transfers:

- Allow seven days from booking for payment recognition and ticket issuance.
- If the ticket has not arrived after seven days, contact the local Emirates office by email.
- Include a copy of the payment receipt from Western Union or the bank.

Emirates will attempt to trace the payment and assist with ticket issuance.

3.14 When do I have to pay a surcharge?

According to the supplied source, a surcharge applies to flights departing from Türkiye and New Zealand when payment is made using a credit card, PayPal, or Visa Checkout.

- The surcharge applies to flights, not services such as hotels or excess baggage.
- Debit-card payments are exempt from this surcharge.
- The surcharge applies to adult and child tickets across all cabins and fare types.

- Infant tickets are exempt.

3.15 How much is the surcharge?

Departure country	Surcharge described in the source
New Zealand	1.5% of the total ticket value per passenger for payments over NZD 100, capped at NZD 70 per passenger
Türkiye	USD 5 for payments over USD 200

The source states that the surcharge is fully refundable if no part of the ticket has been used for travel.

3.16 What is Emirates Pay?

Emirates Pay is a payment option for Emirates flights and services that allows passengers to pay without using a credit card.

It was developed in collaboration with Deutsche Bank and IATA and is intended to provide additional security and a contactless payment option.

3.17 How do I use Emirates Pay?

When booking on emirates.com:

1. Select Emirates Pay if it is offered.
2. Link a bank account securely.
3. Complete the payment to confirm the booking.

4. Hold My Fare

4.1 What is Hold My Fare?

Hold My Fare allows passengers to reserve a quoted fare for 24 hours without paying immediately.

- There is no fee for holding the fare.
- The fare is protected from changes during the 24-hour hold period.

- The service is available for eligible Economy Class flights.
- It can be used up to 24 days before the flight.

4.2 What is the fee for Hold My Fare?

There is no fee to hold a fare for 24 hours.

4.3 How do I use Hold My Fare?

1. Search for and select an eligible Emirates Economy Class flight.
2. Continue to the payment page on emirates.com.
3. Select Hold My Fare, if available.
4. Check the displayed expiry date and time.

Important conditions:

- Hold My Fare is available only for eligible Economy Class flights operated by Emirates.
- It cannot be combined with other products or services in the shopping cart, such as travel insurance.
- If passengers hold a fare, other products or services are removed from the booking.
- After paying for the flight, passengers can add products and services through Manage Your Booking.

4.4 How do I pay for my held booking?

1. Open Manage a Booking.
2. Enter your last name and booking reference.
3. Open the held booking.
4. Click Pay now.
5. Complete payment to confirm the booking.

4.5 Can I use Hold My Fare when paying with Skywards Miles?

No. Hold My Fare is not available for:

- Classic Reward flights paid for with Skywards Miles.
- Cash+Miles bookings.
- Business Rewards bookings.

4.6 Is Hold My Fare available on every flight?

No. It is available only for eligible Economy Class bookings on Emirates-operated flights, up to 24 days before departure.

It cannot be used for:

- Special-offer fares.
- Flights operated by codeshare partners.
- Interline bookings involving other airlines booked through Emirates.

4.7 What happens if I do not purchase my flights within 24 hours?

If payment is not completed within 24 hours, the held fare is released.

If the passenger decides to book later, the fare may be different because flight prices can change.
