2.1 How to Make Changes or Manage a Booking

Passengers can make changes to their Emirates booking through Manage Your Booking.

Emirates may experience high call volumes. Passengers can use alternative contact options through Help and Support to avoid long wait times, or try calling closer to their planned travel date.

If a flight has been affected by a disruption, passengers should check rebooking options, refund options, and eligibility in the Flight Status and disruption support section.

If the original travel date is within the next 72 hours, passengers may be able to make changes through Manage Your Booking or the Emirates App.

---

3. Changing a Booking

3.1 How to Change a Flight Booking

Passengers can make changes through Manage Your Booking. The **Change my booking** link appears if the booking is eligible for online changes.

If online changes are unavailable, passengers can contact their travel agent or Emirates Contact Centre if they booked directly with Emirates.

For changes to a rewards booking with a partner airline, passengers should contact the Emirates Skywards team.

3.2 Change Fees and Fare Differences

Fees and charges may apply depending on the ticket's fare conditions.

When changing a booking through Manage Your Booking, passengers can review applicable penalties and additional taxes. If the new itinerary costs more than the original itinerary, passengers must pay the fare difference.

Applicable charges and fare differences must be paid online to complete the ticket changes.

3.3 Changing a Booking After Part of the Journey Has Been Completed

Passengers may be able to make changes online through Manage Your Booking even after flying part of their journey. Eligibility depends on the ticket's fare conditions.

3.4 Refunds or Credits After Changing a Booking

If a passenger is eligible for a refund after making a change on emirates.com—for example, a refund of unused taxes—Emirates will send a credit note called an **Electronic Miscellaneous Document (EMD)** to the passenger's email address.

- **Validity:** One year from the date the credit note is issued.
- **Use:** The credit note can be used to pay for future Emirates travel or can be refunded.
- **To use it for future travel:** Contact the local Emirates office.
- **To request a refund:** Complete the Refund Request Form.

3.5 Changing a Flight for Only One Passenger

Online booking changes apply to everyone included in the booking. To change a flight for only one passenger, contact Emirates or the travel agent who made the booking.

However, passengers can manage certain services for individual travellers through Manage Your Booking, including:

- Changing seats
- Booking a dietary meal
- Adding services

3.6 Changing Reward Bookings

Bookings purchased using Skywards Miles or Emirates Business Rewards points can be changed online through Manage Your Booking.

3.7 Chauffeur-Drive Bookings After a Flight Change

If a passenger changes a flight that includes a Chauffeur-drive booking, the existing Chauffeur-drive booking will be cancelled.

Passengers must make a new Chauffeur-drive booking for the replacement flight through Manage Your Booking.

Advance booking requirements:

- **UAE:** More than 12 hours before the new flight.
- **Other cities:** More than 24 hours before the new flight.

3.8 UAE Visa Considerations

Passengers who applied for a UAE visa through emirates.com should ensure that the visa remains valid for their new travel dates.

If the visa has already been approved, it can be used for 60 days from the date of approval.

3.9 Previously Selected Seats and Meals

If a passenger changes a flight sector, previously selected seats or meals for that sector will not be saved. Passengers must make new selections for their replacement flights through Manage Your Booking.

4. Refunds

4.1 Can a Passenger Get a Full Refund?

A passenger may receive a full refund if the ticket's fare conditions permit it. The refund will be returned to the card used to purchase the ticket.

To cancel and request a refund:

1. Open Manage Your Booking.
2. Cancel the booking, where applicable.
3. Complete the Refund Request Form.

Passengers should check their fare conditions before cancelling. Some tickets are non-refundable, and cancellation charges may apply.

4.2 Getting a Refund for an Unused Ticket

To request a refund for a ticket that has not been used:

1. Cancel the ticket through Manage Your Booking.
2. Complete the Refund Request Form.

Depending on the ticket's fare conditions:

- The refund may be returned to the original payment card.
- A cancellation charge may apply.
- Only part of the fare may be refundable.
- The ticket may be non-refundable once the trip has started.

4.3 Understanding Fare Conditions

Every Emirates flight ticket has fare conditions that determine its price and the rules that apply to it.

These conditions may specify:

- Whether the ticket is fully refundable.
- Whether changes are permitted.
- Whether fees or penalties apply when changing a booking.
- Whether cancellation charges apply.
- Whether only part of the fare can be refunded.

Different fares have different conditions. Passengers should select **Fare conditions** before booking or consult their travel agent to understand the applicable rules.
